

# SUPPORT RESPONSIBLE FORESTRY.

When you consider that only 10% of the world's forests are certified, we have a long way to go. The good news is that there are a number of credible forest certification programs. And each one, including SFI, encourages responsible forestry. When you buy or source SFI-labeled paper, packaging or wood products, you increase demand for responsibly managed forests. So look for the SFI label, and source wisely. For more on forest certification and what you can do, visit [www.sfiprogram.org](http://www.sfiprogram.org).
