

# Linking Forestry to the Next Generation

Those looking for a deeper experience in forestry are finding it at Philmont Scout Ranch in New Mexico.

Another of our high adventure bases, the Summit Bechtel Reserve, located in West Virginia, successfully underwent a third-party audit to the SFI Forest Management Standards...

A number of our high performance teams, the Summit  
Bechtel Reserve, located in West Virginia,  
successfully achieved a Gold Award for their  
S&P Forest Management Standards.

**Summit**  
BECHTEL RESERVE™ 

Both are now available digitally via mobile apps.

At our BSA Sustainability Summit in 2014, SFI Inc. attended, bringing together some of the top sustainability experts and leaders of corporate business, non-profits and other BSA partners ...

**BSA LeaderSHIFT 2015**

For more than a century, the Boy Scouts of America has been a leader in conservation education and environmental stewardship. In fact, you might say we were green when green was just a color. Today, we are moving from green to deep green, working across the organization to make sustainability both something we touch and something we live. This website represents the hub of our sustainability efforts—a place to celebrate what we have accomplished and to learn how you can make your council or camp more sustainable.

LeaderSHIFT 2015 (view the [Session 1 replay here](#) and [Session 2 here](#)), the BSA's virtual sustainability summit, brought together councils from across the country to learn more about sustainability and about the triple bottom line of people, planet, and prosperity. Click back to view videos and other resources from LeaderSHIFT.
