ADVANCING SUSTAINABILITY
THROUGH FOREST-FOCUSED COLLABORATION

Good morning colleagues,

I am writing with some good news to share regarding new funding available for green jobs and training through PLT Canada, thanks to support from the Government of Canada's Youth Employment and Skills Strategy. Since 2018, PLT Canada has **supported +9,200** Green Jobs **thanks to our network of +500 employers** in Canada's forest sector.

We are currently offering three different funding streams to support short-term and long-term jobs.

Green Jobs Programs

- 4-month positions (length is flexible) in climate-related and emergency management fields with a 75% wage match and funds for skills training up to $12,750 per youth. Placements must include skills training and mentorship as well. Jobs must take place between August 10, 2026 - February 28, 2027.
- 4-16 week positions within forest, parks, and conservation with a 50% wage match up to $6,000. Jobs must take place between April 1, 2026 and February 28, 2027.
- 16-48 week positions in the natural resources sector with a 75% wage match up to $25,000. Jobs must take place between April 1, 2026 and February 28, 2027.

Job Seeker Eligibility

- Job seekers must be aged 15-30 and Canadian citizens, permanent residents, or a protected person as defined by the Immigration and Refugee Protection Act.
- Job seekers must be new employees or past employees in a new role or promoted position.

Create an employer account or learn more about the funding programs by emailing the PLT Canada Green Jobs Team. I also encourage you to share the opportunity with forest and conservation sector organizations in your network.

Please let me know if you would like to discuss the opportunities,

Christine Leduc, RPF
President, PLT Canada
SFI VP, Canadian Operations & Communications
